Things to know when you visit.

- Members must bring their membership card and a cool bag or ice packs each time they visit.
- To ensure that members get a fair share we may place limits on certain items.
- There is no guaranteed availability of an item from week to week.

Food safety

If you suffer from allergies and intolerances and are unsure about the ingredients in a product please ask one of our volunteers.

We may receive some food products that come without labelling. However, in these cases we will provide a list of ingredients. Should one not be available please ask a volunteer.

There may also be items that have passed their “best before” date, in addition to our main stock which will all be in date. A best before date indicates quality, not safety. When this date has passed it doesn't mean the food will be harmful. The important date to look out for is the “use by” date – do not consume food after this date.
